

**ASIASPA AWARDS
2007**

AsiaSpa is proud to announce the nominations for the third year of the AsiaSpa Awards

Established as some of the most significant awards in Asia's spa industry, the AsiaSpa Awards are an exciting addition to the region's calendar. Making their mark as objective and unbiased, the awards truly reflect the trends and increasing sophistication of the spas in the region.

As each year passes the number of categories grows, following the direction of this intensely consumer-driven industry. In answer to the world's efforts at looking after the planet we are delighted to introduce one of our most significant awards, the Eco-Spa of the Year award.

It is clear that when it comes to listening to the health of the environment, Asia's spas are showing the rest of the world the way.

We have also added additional men's awards and product awards in answer to the increasing growth of these two markets throughout the region.

The results will be announced at the AsiaSpa Awards ceremony on 15th November, and will be published in the January/February 2008 issue of AsiaSpa.
